**T**HE Company being worked on the Non-Tariff Principle, the Directors are prepared, by taking the most favourable view of all the best risks, and by Liberal Allowances for Fire-Extinguishing Appliances, to materially reduce the rates to Insurers.

The Loss Rate for 1892 was only 39·8 per cent. of the Premium Incomes, showing that great care is exercised in the selection of businesses, this fact being most favourably commented upon in the insurance papers.

# ❧ JAMES DOIG, ❧

Family Grocer, Tea, Wine, and Spirit Merchant,

---

## Opinions of the Press :

**DOIG'S TEA.**—The *Mercantile Age* of April 16th says :—Mr JAMES DOIG is a great believer in Indian, Assam, and Ceylon Teas ; and rightly so, for not only has he, but all the most competent judges, proved their superiority over those Teas grown in China. There is a uniformity of body in DOIG'S TEAS as well as a Richness of Quality, and analytic tests prove that there is little mineral matter, the tannin, nitrogen, and other properties being excellently balanced, so as to avoid undesirable astringency. I am glad to know that an appreciative public very highly value Mr JAMES DOIG'S Teas. His annual returns show a very marked increase in the sales, and I am quite convinced that, if he continues to keep up the standard of quality—which he seems determined to do—he will some day ere long occupy a foremost position as a tea-dealer in Scotland. His policy is a generous one ; he has entered upon and is pursuing a safe enterprise, one calculated to benefit himself as well as the public, and I am glad to know of his success—a success highly merited.

**Doig's Whisky, Beer, &c.**—The *Mercantile Age* of April 16th says :—DOIG'S Malt, Wine, and Spirit Cellars are, on the whole, the best I have seen north of Glasgow—and I have visited hundreds of Establishments—very lofty, have an abundance of light, and the temperature is very carefully regulated for maturing and conditioning the valuable stock of Malt Liquors. The Bottling Cellar is fitted with hot and cold water, and other appurtenances for effectually cleansing the bottles, and filling in a cleanly manner from the casks, Barclay Perkin's Stouts and Bass & Co.'s Ales. Proceeding to the Spirit Department, I found a Whisky, a surprisingly good blend of pure old Scotch Whisky, known as "Doig's Family Blend." This blend of Whisky deserves to be extremely popular. It is a very old, pure Whisky, free from fusel oil, smoke, or wild flavour, and to connoisseurs of Whisky, as well as those whose health requires this article, I can confidently recommend it as a pleasant, honest stimulant of good age and purity. (See Public Analyst's Opinion on Page 118).

**Doig's Provisions, Feeding Stuffs, &c.**—The *Mercantile Age* says :—DOIG'S stock and management of his establishment displayed many evidences of good and experienced generalship. Everywhere energy and order seem to have been happily combined. The Goods seemed fresh throughout, and chosen from the markets and manufacturing centres that I have visited a hundred and one times, and know, therefore, their pure, dietary properties. The third storey of DOIG'S Warehouse is used as a general reserve-stock warehouse for fruit, jellies, jams, biscuits, &c. Mr Doig also conducts a very large trade for Feeding Stuffs, such as Oats, Barley, Oilcake, &c.

ESTABLISHED FOR OVER A QUARTER OF A CENTURY.

**AN IMPORTANT TRUTH.**

Increase Knowledge by Experience.

Increase Experience by Observation.

Increase Observation, you Increase Wisdom,

And you will find that Wisdom is and has been the penetrating and moving power of all ages. Wisdom to discriminate between the imaginary and the reality. Wisdom to adjust to each their due and real value, and wisdom to partake of the real article when you have the opportunity.

**IMPORTANT.**

**W**HILE making every possible effort to produce Tidy and Elegant Boots and Shoes for the smallest possible amount of money, we set our face determinedly, as every wearer of Boots should know, against the use of all Cardboard, Composition, and other materials falsely named Leather, which are used in enormous quantities both for Insoles and -Outsoles of Boots. This latter material is neither more nor less than Raw Hides, stained and half burned by hot and vicious liquors, then loaded with rubbish, which is managed by the cunningly-devised trick of getting it soaked or driven into the so-called leather. This material can then be sold at any price, as it is wrought up by unscrupulous manufacturers. When this is used, more especially inside Boots, if once wet it never again gets thoroughly dry, staining many pairs of good stockings, and keeping the feet in a moist, uncomfortable, and unhealthy condition. We use every means to protect ourselves and our Customers against such material, and can confidently claim for all Goods of our own Manufacture the great superiority of being made from the Most Excellent Bark-Tanned Leather.

The very Cheapest Boots, Shoes, and Slippers we produce have Tussles of the Very Best ENGLISH OAK BARK-TANNED LEATHER, warranted to keep the Feet thoroughly Dry and Comfortable. This is of the very greatest importance, and we Guarantee our Every Manufacture to possess these Qualities.
